A NEW REMEDY for Coughs, Colds, Consumption, and Kidney Difficulties is advertised in our columns this week. The Boston Watchman and Reflector, the leading Baptist paper in this country, says of it and its in-ventor, under date of June 7, 1860 -"The White Pine Compound, advertised at length in our columns, is not only as to its name inviting, but is a highly approved medicine. Dr. J. W. Poland, the inventor, has the confidence of the many who know him, a confidence which he enjoyed while Inboring neefully many years as a Baptist minister. His experience as a sufferer, led hum to make experiments, which issued in bis medical discovery."

"Ger ors my Conxs !" This exclamation would soldom be heard if those troubled with these excrescences would use Redding's Russia salve, which is also an excellent remedy for all kinds of cuts, wounds, bruises, scalds, burns, etc. sold everywhere at 25 cts. the box.

THE ECONOMY OF BEALTH. The busy nation of Americans have 12,000,000 working people, whose services may be estimated at 52 a day, and their annual loss by sickness at an average of ten days each in the year. This gives a total loss of \$240,600,000, a sum three times as large as the whole cost of the General Government, including the army, navy, post offices, legislators, foreign ministers and all. The amount weighs over six hundred tons in pure gold.

A large proportion of this couly suffering might be averted by attention to diet, cleanliness, and above all, by the proper use of the right rem edy in season. When a 25 cent box of Ayer's ity \$3,75; ordinary \$2,75.

Pills will avert an attack of illness which it would take reveral days to recover from, or a dollar bottle of Ayer's sarsaparilla, will expel a lurking disorder that would bring the sufferer to his bed for weeks or months, does it take any figures to show the good sconemy of the investment ? When fover and ague is rankling in your veins, and shaking your life out of you, is it worth the dollar it costs for his Ague Cure to have the villain-cus disorder expelled, which it does surely and quickly? When you have taken cold is it prudent to wait till it has settled on the lungs, when days | Calf-skins 10 a 12c per lb. er weeks or months must be spent in trying to gure it, even if it can be cured at all, or is i cheaper to take Ayer's Cherry Pectoral, costing a serious? As a last resort, he thought he would try the Wate Pine Compound. They procured a bottle for him; he began to take it, and to the surprise of all, immediately showed signs of amendment. Eleven months afterward (Feb. 23, 1860) in a full statement of his case, he says: "I believe Dr. Poland's White Pine Compound, under God, has been the means of

DEAFNESS AND DISCHARGE FROM THE EAR CURED. Dr. Hartley.

Proprietor of the Ear Infirmary, No. 51

Sansom Street, Philadelphia, THE ONLY INSTITUTION IN AMERICA A exclusively and successfully devoted to the treatment of Ear diseases, and the only acknowledged Aurist in the United States, generously of-fers to attend all persons suffering from affections of the ear, without charge, until cured, thereby proving his success unequalled, and protecting the deaf from being swindled by paying self-styled Aurists exorbitant fees in advance, and the inflic-tion of yet more serious evils, by permitting the application of dangerous remedies by inexperi-

Neither has he given permission for the publication of a "certificate" purporting to emanate from him, and cannot, therefore, be responsible for any alarming consequences resulting from rashness and desperation. The loss of money may not be material to some persons, but the deprivation of one of the most important of the senses, ought to be regarded and treated with more than ordinary solicitude. Deafness, noise in the head, and all disagreen ble discharges from the ear, speedily and perma-nently removed, without causing the least pain or
